

H2FC SECTOR  
ROADMAP  
WORKSHOP  
24 APRIL 2014

# **Overarching Objective:**

To strengthen and grow the UK hydrogen fuel cell sector.

# **Strategic Objectives**

1. To enable the HFC sector to unlock, focus and co-ordinate activity, helping the sector strengthen and grow.

2. To win a high level of support for, and on going commitment to participate in creating sector wide growth.

3. To create an outline roadmap and intervention plan that can co-ordinate action and help create change.

# Meeting Objectives

1. To establish components of a **10 year vision** for the UK H2FC sector.

2. To explore the **risks and opportunities** of horizon issues.

3. To identify and prioritise the **key challenges** the H2FC sector has.

4. To identify and prioritise the **key opportunities** the H2FC sector has.

5. To identify the most desirable **outcomes** to make this roadmap a shared project.

6. To begin planning **key interventions** to help the sector grow.

7. To share **requests, suggestions, ideas** and proposals for this next steps this group might take.

8. To **plan actions** and understand level of commitment participants have for actions in the steps that follow.

**Work from another brilliant and productive meeting**
